**INDIAN SOCIETY FOR SURFACE
SCIENCE AND TECHNOLOGY
Western India Chapter**

Indian Society for
Surface Science and Technology
Western India Chapter
(ISSST-WIC)

Presents
One Day Seminar on

**Instrumental Methods
in
Colloid & Interface Science**

November 19, 2005

Venue
Institute of Chemical Technology
(MUICT)
University of Mumbai
Matunga (East), Mumbai - 400 019

Time: 09:00 am to 05:00 pm

Co-sponsored by: Orbit Research Associates

One Day Seminar on

**Instrumental Methods in
Colloid and Interface Science**

The domain of colloid and interface science is developing fast, both in industrial relevance as well as in scientific perception. The role of instrumentation in bridging the space in between is incontestable.

The businesses from as far apart from each other such as printing, pharmaceutical, petroleum etc. all entail the same principles of surface science. Whether it is wetting and spreading of inks on substrates, infiltration of dyes in a textile fiber, separation of crude emulsion, wetting and dissolution of a medicinal tablet, melting of chocolate in mouth, attaining the desired feel in ice-cream, making a paint suspension long-standing or effective washing of fabric, instrumentation is essential in measuring different surface and interfacial properties.

It is always prudent to share experiences in the use of instrumental methods and learn from them, especially when the information is coming from scientists who have hands on experience with the instruments.

This seminar is being organized with the aim of bringing various instrument users together on a common platform.

REGISTRATION FORM
(Photocopies can be used)

ISSST-WIC One Day Seminar on Instrumental Methods in Colloid and Interface
Science,
November 19, 2005.

Name:

Organization:

Address:

Email:

Whether member of ISSST: Yes / No

Signature: (Guides' signature for students)

Payment Details: Amount Rs

DD/Cheque No.:

Date:

Bank:

Receipt to be drawn in favor of:

.....
.....

For further information please contact:

Dr. Sunil S. Bhagwat
Hon. Secretary, ISSST-WIC
Chemical Engineering Division
Institute of Chemical Technology (MUICT),
University of Mumbai, N. M. Parekh Marg,
Matunga (East), Mumbai - 400 019.
Fax: 91-22-24145614
Email: ssb@udct.org / secretary@issstwic.org

or

Dr. Parag V. Naik
Hon. Joint Secretary, ISSST-WIC
Email: jtsecy@issstwic.org

The registration fees' structure for the one day seminar on Instrumental Methods in Colloid and Interface Science is as follows:

<u>Participants</u>	<u>Registration Fees</u>
ISSST Members	Rs. 200/-
Students	Rs. 200/-
Non-members	Rs. 500/-

Non-members who register for the seminar will be offered life membership of ISSST at concessional fees
(Rs. 300/- * waived off in the life membership fees)

Please send your payments by cheque / DD in favor of ISSST-WIC payable at Mumbai to Dr. Sunil S. Bhagwat on the above-mentioned address.
Please add Rs. 30/- for outstation cheques

* Waived off amount will be bourn by ISSST-WIC.

ABOUT ISSST-WIC

The objective of the Western India chapter of Indian Society for Surface Science and Technology (ISSST-WIC) is to bring together scientists and engineers in western India to promote interdisciplinary work in the fundamental and applied aspects of surfactants, emulsions, colloids, biopolymers and interfacial phenomena. Our chapter has been active towards these objectives. To date, the activities have encompassed organization of technical lectures, seminars, conferences and workshops. However, the society aims to become active in several other areas as well.

To do all these, we certainly need the support of Industry and we trust we shall get it. We appeal to all of you to participate in this venture and work towards its success.

Future Programs of ISSST-WIC

(1) *Refresher Course in Colloid and Interface Science*,
organized for Industry delegates and Research students.
January 16, 2006 to January 20, 2006.

(2) One day seminar on –
Interfacial Science for Pesticide Industries (ISPI' 06)
February 24, 2006.
